Trends and Highlights

October 1975

---

Office of Security position papers were prepared on a number of legislative proposals including: (a) a bill to "prohibit the use of polygraph-type equipment for certain purposes"; (b) a bill on "criminal justice information contact and protection of Privacy Act of 1974"; (c) a bill on "compulsory union bargaining for federal employees"; and, (d) a bill "to amend the Public Health Service Act to establish a President's Commission for the protection of human subjects of biomedical and behavioral research."
